1. Movement, Competence and Understanding

Includes motor skills and movement patterns that teach skill and accuracy in a variety of routines, games, and activities that combine skills with movement; demonstrates the connection between body and brain function; and creates patterns for lifelong physical activity.

**Prepared Graduates**
The prepared graduate competencies are the preschool through twelfth-grade concepts and skills that all students who complete the Colorado education system must master to ensure their success in a postsecondary and workforce setting.

**Prepared Graduates in the Movement Competence and Understanding standard are:**
- Demonstrate competency in motor skills and movement patterns needed to perform a variety of physical activity
- Demonstrate understanding of movement concepts, principles, strategies, and tactics as they apply to learning and performing physical activities
Content Area: Comprehensive Health and Physical Education
Standard: 1. Movement Competence and Understanding in Physical Education

Prepared Graduates:
- Demonstrate competency in motor skills and movement patterns needed to perform a variety of physical activities

Grade Level Expectation: High School

Concepts and skills students master:
1. Participate at a competent level in a variety of lifelong physical activities

Evidence Outcomes

Students can:

<table>
<thead>
<tr>
<th>Evidence Outcomes</th>
<th>21st Century Skills and Readiness Competencies</th>
</tr>
</thead>
</table>
| a. Combine and apply movement patterns from simple to complex to participate successfully in aquatic, rhythms/dance, combatives, outdoor adventure activities, and variety of lifelong sports and games (DOK 1-3) | Inquiry Questions:
1. Why are both skill-related fitness and health-related fitness taught? Why is each one important?
2. Which lifelong physical activities do you think you'll be participating in when you're 20, 40, and 60?
3. How does being healthy and active affect what one can do in life?
4. Why is it important for an individual to practice and learn sports skills?
| b. Identify, explain, and apply the skill-related components of balance, reaction time, agility, coordination, explosive power, and speed that enhance performance levels in aquatic, rhythms/dance, combatives, outdoor adventure activities, and lifelong sports and games (DOK 1-3) | Relevance and Application:
1. Individuals participate successfully in a wide range of physical activities over the course of their education, with the aim that such participation will continue through an individual’s lifetime.
2. The knowledge and understanding of the concepts of movement improve performance in a specific skill, and provide the foundation for the transfer of skills in a variety of sports and activities.
| c. Explain and demonstrate advanced offensive, defensive, coaching, officiating, and transition strategies in lifelong sports and games (DOK 1-3) | Nature of Physical Education:
1. Individuals who learn to move safely, effectively, and efficiently and who feel comfortable and confident in the performance of motor skills are more likely to participate in health-enhancing forms of physical activity throughout life.
2. A strong foundation in physical education prepares an individual for a lifetime of physical activity.
| d. Explain and demonstrate training and conditioning practices that have the greatest impact on skill acquisition and performance in aquatic, rhythms/dance, combatives, outdoor adventure activities, and a variety of lifelong and individual and dual activities (DOK 1-3) |
### Content Area: Comprehensive Health and Physical Education

#### Standard: 1. Movement Competence and Understanding in Physical Education

**Prepared Graduates:**
- Demonstrate competency in motor skills and movement patterns needed to perform a variety of physical activities

---

### Grade Level Expectation: High School

**Concepts and skills students master:**
- 2. Understand the cognitive impact of movement

### Inquiry Questions:
1. How can movement facilitate or enhance learning in other disciplines?
2. What is your favorite type of movement and why?
3. How can one become more mentally prepared for competition and sports performance?
4. When is anxiety helpful, and when is it harmful in a competitive situation?

---

### Relevance and Application:
1. Individuals participate in social activities that include rhythm, music, patterns, and cross-lateral movements such as social dance.
2. Individuals understand the effect that stress, anxiety, and excitement can have on physical performance. People can take steps to control stress, anxiety, and excitement in their workplace.

---

### Nature of Physical Education:
1. Exercise is important for a healthy brain.
2. The important relationship between the brain and its impact on physical performance and academic learning is integral in the development of the whole child.
**Content Area: Comprehensive Health and Physical Education**

**Standard: 1. Movement Competence and Understanding in Physical Education**

</tr>
</thead>
<tbody>
<tr>
<td><strong>Students can:</strong></td>
<td><strong>Inquiry Questions:</strong></td>
</tr>
<tr>
<td>a. Analyze and explain training and conditioning practices that have the greatest impact on skill acquisition and successful performance in a variety of lifelong activities (DOK 1-3)</td>
<td>1. What are the advantages and disadvantages of training and participating year-round in one sport, or training and participating in multiple sports in a year?</td>
</tr>
<tr>
<td>b. Create or modify practice and training plans based on evaluative feedback of skill acquisition and performance in a variety of lifelong activities (DOK 1-4)</td>
<td>2. How does one develop an appropriate personal fitness program?</td>
</tr>
<tr>
<td></td>
<td>3. What techniques can be employed to maintain motivation?</td>
</tr>
</tbody>
</table>

**Relevance and Application:**

1. Individuals develop and implement a fitness program that utilizes appropriate training principles necessary for a lifetime of fitness such as jogging two days per week, or lifting weights two days a week.
2. Periodically evaluate the effectiveness of one’s personal fitness program.

**Nature of Physical Education:**

1. The integration of the health and skill-related fitness components in designing and implementing a personal fitness plan supports a healthy, active lifestyle.
2. Ongoing feedback and assessment are necessary to determine the effectiveness of a personal fitness program.
2. Physical and Personal Wellness

Includes physical activity, healthy eating, and sexual health and teaches lifelong habits and patterns for a fit, healthy, and optimal childhood and adulthood; examines society, media, family, and peer influence on wellness choices; practices decision-making and communication skills for personal responsibility for wellness; and identifies the consequences of physical inactivity, unhealthy eating, and early sexual activity. Includes health promotion and disease prevention, and teaches responsibility and skills for personal health habits as well as behavior and disease prevention; sets personal goals for optimal health; examines common chronic and infectious diseases and causes; and recognizes the physical, mental, and social dimensions of personal health.

Prepared Graduates
The prepared graduate competencies are the preschool through twelfth-grade concepts and skills that all students who complete the Colorado education system must master to ensure their success in a postsecondary and workforce setting.

Prepared Graduates in the Physical and Personal Wellness standard are:

- Participate regularly in physical activity
- Achieve and maintain a health-enhancing level of physical fitness
- Apply knowledge and skills to engage in lifelong healthy eating
- Apply knowledge and skills necessary to make personal decisions that promote healthy relationships and sexual and reproductive health
- Apply knowledge and skills related to health promotion, disease prevention, and health maintenance
Content Area: Comprehensive Health and Physical Education
Standard: 2. Physical and Personal Wellness in Physical Education

Prepared Graduates:
- Achieve and maintain a health-enhancing level of physical fitness

Grade Level Expectation: High School

Concepts and skills students master:
1. Establish goals based on fitness assessment data, and develop, implement, achieve, and monitor an individual health and fitness plan

Evidence Outcomes

<th>Evidence Outcomes</th>
<th>21st Century Skills and Readiness Competencies</th>
</tr>
</thead>
<tbody>
<tr>
<td>Students can:</td>
<td>Inquiry Questions:</td>
</tr>
<tr>
<td>a. Develop and describe a physical fitness plan that enhances personal health and performance in future leisure and workplace activities (DOK 1-4)</td>
<td>1. When one experiences a plateau in his or her fitness plan, what are options to consider?</td>
</tr>
<tr>
<td>b. Design and participate in activities that improve all components of health-related fitness (DOK 1-3)</td>
<td>2. How does one know that a fitness plan is effective?</td>
</tr>
<tr>
<td>c. Assess the components of health-related physical fitness (DOK 1-3)</td>
<td>3. How might one help a friend to develop personal fitness goals and a fitness plan that fits his or her individual lifestyle?</td>
</tr>
<tr>
<td>d. Refine individual fitness goals for each of the five components of health-related physical fitness using research-based criteria (DOK 1-4)</td>
<td>4. How does your fitness plan compare to a friend’s fitness plan?</td>
</tr>
<tr>
<td>e. Examine fitness assessment data, and develop a plan to show personal improvement toward achievement of fitness goals, including monitoring personal levels of fitness within each of the five health-related fitness components (DOK 1-4)</td>
<td></td>
</tr>
<tr>
<td>f. Evaluate individual measures of physical fitness in relationship to patterns of physical activity (DOK 1-3)</td>
<td></td>
</tr>
<tr>
<td>g. Plan an extended personal physical fitness program in collaboration with an instructor (DOK 1-4)</td>
<td></td>
</tr>
</tbody>
</table>

Relevance and Application:
1. Individuals investigate such as by performing an Internet search the economic impact of being healthy.
2. Individuals use health-related fitness software to compare fitness performance over several years.
3. Individuals use the Internet to research a physical fitness plan that integrates workplace activities.

Nature of Physical Education:
1. Continually reassess fitness levels in order to establish and work toward meaningful goals.
2. Regular assessment of physical activity is important for physical well-being.
3. Be personally responsible for and monitor one’s own physical fitness goals.
## Content Area: Comprehensive Health and Physical Education
### Standard: 2. Physical and Personal Wellness in Physical Education

#### Prepared Graduates:
- Participate regularly in physical activity

#### Grade Level Expectation: High School

### Concepts and skills students master:
2. Identify community resources to maintain lifelong physical activity

### Evidence Outcomes | 21st Century Skills and Readiness Competencies
---|---
**Students can:** | **Inquiry Questions:**
  a. Identify and access physical activity opportunities in the communities (DOK 1-3) | 1. Should insurance companies pay for memberships to health clubs if they will help to prevent chronic diseases?
  b. Explain the requirements such as cost involved with participation in a variety of physical activities (DOK 1-3) | 2. How do TV commercials and other fitness advertisements try to influence one to buy certain products, and how does one decide on quality fitness facilities, equipment, and activities?
  c. Evaluate and make wise consumer choices about equipment, products, and programs needed to successfully participate in a wide range of physical activities (DOK 1-3) | 3. If you could create the ultimate physical activity facility, what would it include, where would it be located, and how much would it cost?
  d. Evaluate the availability and quality of fitness resources in the community (DOK 1-4) | 4. If you lived in a social sphere with absolutely no fitness resources such as facilities, modern equipment, or the Internet, what would you do to reach and maintain optimal levels of health and fitness?

### Relevance and Application:
1. Individuals access resources for physical activity participation throughout a lifetime such as public gyms, parks, and swimming pools.
2. Individuals use a blog to compare and contrast physical activity opportunities in their community.
3. Individuals select a piece of sporting equipment, and conduct Internet research and analysis of brands and cost.
4. Individuals compare the cost of participating in an outdoor adventure sport such as mountain biking and a community-organized sport such as basketball.
5. Individuals analyze the physical fitness messages in sports and athletic-related television advertisements.

### Nature of Physical Education:
1. There are a variety of activities used to improve and maintain lifelong fitness. Participating in these activities likely improves quality of life now and in the future.
2. Regular participation in physical activity requires access to opportunities in the wider community.
3. Taking responsibility for one's own health is an essential step toward developing and maintaining a healthy, active lifestyle.
4. The revolution of health and fitness in the world and our nation is an ongoing evolution.
5. There are a number of ways to get physical activity outside of school.
Content Area: Comprehensive Health and Physical Education
Standard: 2. Physical and Personal Wellness in Physical Education

**Prepared Graduates:**
- Participate regularly in physical activity

**Grade Level Expectation: High School**

**Concepts and skills students master:**
3. Participate regularly in health-enhancing and personally rewarding physical activity outside of physical education

<table>

<tr>
<th>Evidence Outcomes</th>
<th>21st Century Skills and Readiness Competencies</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Students can:</strong></td>
<td><strong>Inquiry Questions:</strong></td>
</tr>
<tr>
<td>a. Participate willingly in a variety of physical activities appropriate for maintaining or enhancing a healthy lifestyle (DOK 1-3)</td>
<td>1. How should physical activity be prioritized between work and school?</td>
</tr>
<tr>
<td>b. Establish personal physical activity goals to accumulate a recommended number of minutes of moderate to vigorous physical activity outside of physical education classes on five or more days during the week (DOK 1-3)</td>
<td>2. Why is using a variety of physical activities important?</td>
</tr>
<tr>
<td>c. Monitor physical activity in a physical activity log through the use of fitness equipment such as a pedometer or heart-rate monitor (DOK 1-2)</td>
<td>3. What are the pros and cons of participating in a variety of physical activities versus specializing in one sport or activity?</td>
</tr>
<tr>
<td>d. Explain the benefits of participation in a variety of physical activities (DOK 1-3)</td>
<td>4. If you had a chance to address the U.S. President and Congress about the importance of physical activity, what would you say?</td>
</tr>
<tr>
<td>e. Demonstrate effective time management skills that allow opportunities for physical activity during the day (DOK 1-3)</td>
<td>5. How are your current fitness goals likely to change over time?</td>
</tr>
<tr>
<td>f. Demonstrate the ability to monitor and adjust activity to meet personal goals (DOK 1-4)</td>
<td></td>
</tr>
<tr>
<td>g. Participate in a variety of self-selected physical activities, and evaluates the value of each as it relates to personal fitness goals</td>
<td></td>
</tr>
</tbody>
</table>

**Relevance and Application:**
1. Individuals make physical activity a part of an individual lifestyle at home.
2. Individuals use technology such as computer spreadsheets to create and keep a physical activity diary or log.
3. Individuals compare and contrast the lifelong wellness benefits of participation in a physical education class versus participating in a high school marching band or a varsity sport.
4. Individuals appreciate the physical benefits of dancing.
5. Individuals appreciate the physical benefits of walking or riding a bike instead of driving a car.

**Nature of Physical Education:**
1. There are a variety of activities used to improve and maintain lifelong fitness. Participating in these activities likely improves the quality of one’s life now and in the future.
2. Taking responsibility for one’s own health is an essential step toward developing and maintaining a healthy, active lifestyle.
3. There are a number of ways to get physical activity outside of school.
3. Emotional and Social Wellness

Includes mental, emotional, and social health skills to recognize and manage emotions, develop care and concern for others, establish positive relationships, make responsible decisions, handle challenging situations constructively, resolve conflicts respectfully, manage stress, and make ethical and safe choices; examines internal and external influences on mental and social health; and identifies common mental and emotional health problems and their effect on physical health.

**Prepared Graduates**
The prepared graduate competencies are the preschool through twelfth-grade concepts and skills that all students who complete the Colorado education system must master to ensure their success in a postsecondary and workforce setting.

**Prepared Graduates in the Emotional and Social Wellness standard are:**

- Utilize knowledge and skills to enhance mental, emotional, and social well-being
- Exhibit responsible personal and social behavior that respects self and others in physical activity settings
Content Area: Comprehensive Health and Physical Education  
Standard: 3. Emotional and Social Wellness in Physical Education

**Prepared Graduates:**
- Exhibit responsible personal and social behavior that respects self and others in physical activity settings

**Grade Level Expectation: High School**

**Concepts and skills students master:**
1. Demonstrate respect for individual differences in physical activity settings

**Evidence Outcomes** | **21st Century Skills and Readiness Competencies**
---|---
**Students can:**  
a. Acknowledge the performance of others, regardless of the outcome (DOK 1-2)  
b. Participate with others in all types of physical activity, regardless of their race or ethnicity, gender, or culture (DOK 1-2)  
c. Practice conflict management and listening skills in a competitive atmosphere (DOK 1-4)  
d. Demonstrate appropriate audience and participant behavior during class performances (DOK 1-2)  
e. Identify areas of personal weakness, and complete an action plan for improvement (DOK 1-4)  

**Inquiry Questions:**
1. Why do some attendees at sporting events behave so badly?  
2. What constitutes healthy competition?  
3. What might one do if someone were being bullied because he or she showed poor physical fitness skills?  
4. If peer pressure were nonexistent, how would you determine your choices of physical activity?  
5. How might one peacefully resolve a dispute between friends? Between people who are not friends?

**Relevance and Application:**
1. Individuals appreciate the diversity of physical activity experiences in the broader community such as visiting a park and seeing the variety of people engaged in physical activities.  
2. Individuals explain how social networking tools help to and hinder interpersonal relationships.

**Nature of Physical Education:**
1. Physical education can help individuals from different backgrounds to work together successfully.  
2. Developing self-esteem, resiliency, tolerance, and coping skills support social and emotional health.  
3. In order for all participants and spectators to experience the maximum benefit from games and sports, everyone must demonstrate knowledge and commitment to sportsmanship, rules, and safety guidelines.
## Content Area: Comprehensive Health and Physical Education

### Standard: 3. Emotional and Social Wellness in Physical Education

#### Prepared Graduates:

</thead>
<tbody>
<tr>
<td>Students can:</td>
<td>Inquiry Questions:</td>
</tr>
<tr>
<td>a. Contribute to group success through a variety of noncompetitive roles (DOK 1-4)</td>
<td>1. Is it more important to have the most-skilled players on a team, or to have a team that demonstrates teamwork? Which has more influence on the outcome of a game?</td>
</tr>
<tr>
<td>b. Initiate responsible behavior, and function independently and cooperatively (DOK 1-4)</td>
<td>2. How do you choose to lead or follow in group settings?</td>
</tr>
<tr>
<td>c. Identify and utilize the potential strengths of each individual within a group setting (DOK 1-3)</td>
<td>3. How would a team look if all teammates’ behavior were the same?</td>
</tr>
<tr>
<td>d. Influence positively the behavior of others in physical activity settings (DOK 1-4)</td>
<td>4. If you could develop the perfect team, what behaviors and traits would your players express?</td>
</tr>
<tr>
<td>e. Evaluate the role of cooperation and positive interactions with others when participating in physical activity in a variety of settings (DOK 1-4)</td>
<td>5. What are some things one could do to show appreciation of opponents?</td>
</tr>
<tr>
<td>f. Identify leadership skills, perform planned leadership assignments, and assume spontaneous leadership roles (DOK 1-4)</td>
<td>Relevance and Application:</td>
</tr>
<tr>
<td>g. Implement cooperative learning strategies to achieve group goals (DOK 1-4)</td>
<td>1. Individuals participate effectively in groups across a variety of settings such as community-sponsored sports leagues.</td>
</tr>
<tr>
<td>h. Abide by the decisions of officials, accept the outcome of the game, and show appreciation toward participants (DOK 1-3)</td>
<td>2. Individuals describe how technology can aid a coach of a sport team.</td>
</tr>
<tr>
<td>i. Identify contributions of members of a group or team, and reward members for accomplishing a task or goal (DOK 1-3)</td>
<td>3. Individuals create and follow behavior modification plans for a variety of wellness areas.</td>
</tr>
<tr>
<td>j. Compare and contrast different leadership skills required in a variety of physical activities such as outdoor education and adventure activities, and weight training (DOK 1-3)</td>
<td>4. Individuals describe how they could use technology to create and monitor an action plan for physical activity.</td>
</tr>
</tbody>
</table>

#### Nature of Physical Education:
1. Participation in lifetime sports requires cooperation and leadership skills.
2. Character can be developed and supported through individual and group activities, influence of positive role models, and involvement in community service and activities.
3. Individuals can develop positive behavior patterns if they take personal responsibility for their actions.
4. Cooperation can help to solve difficult problems in groups or teams.
5. In order for all participants and spectators to experience the maximum benefit from games and sports, everyone must demonstrate knowledge and commitment to sportsmanship, rules, and safety guidelines.
### Content Area: Comprehensive Health and Physical Education

</table>

### Grade Level Expectation: High School

#### Concepts and skills students master:

3. Demonstrate responsible behavior in group settings

#### Evidence Outcomes | 21st Century Skills and Readiness Competencies

**Students can:**

- a. Engage in physical activity with others (DOK 1-2)
- b. Display empathy toward the feelings of others during physical activities (DOK 1-3)
- c. Accept the diversity and individual differences in participation in physical activity (DOK 1-3)
- d. Accept the roles of group members within the structure of a game or activity (DOK 1-3)

**Inquiry Questions:**

1. How might one help a teammate with poor physical skills to be a team contributor?
2. What might one do if he or she were assigned to a team with friends whom he or she doesn’t like?
3. How might one respond if friends didn't want him or her on their team?
4. How might one try to make a new team member feel welcomed to the team?

**Relevance and Application:**

1. Individuals participate as both a leader and a group member in a variety of settings such as a community-sponsored sports league.
2. Individuals describe how a social networking site could be used to include others in physical activity such as using social networking sites to organize a game.

**Nature of Physical Education:**

1. Respect for differences can enhance group performance.
2. Character can be developed and supported through individual and group activities, influence of positive role models, and involvement in community service and activities.
3. The development of self-esteem, resiliency, tolerance, and coping skills supports social and emotional health.
4. Individuals with different levels of physical skill can make a contribution to a group activity.
5. Physical activities can be useful tools for getting to know other people.
4. Prevention and Risk Management

Includes alcohol, tobacco, and other drug prevention; violence prevention; and safety; teaches skills to increase safe physical and social behavior in at home, in school, in the community, and in personal relationships; provides specific knowledge on avoidance of intentional and unintentional injuries; and practices decision-making and communication skills to avoid drug use, bullying, and dating violence.

Prepared Graduates
The prepared graduate competencies are the preschool through twelfth-grade concepts and skills that all students who complete the Colorado education system must master to ensure their success in a postsecondary and workforce setting.

<table>
<thead>

<tr>
<td>d. Inspect equipment and facilities for safety hazards prior to participation (DOK 1-3)</td>
<td>4. Why is risk a positive aspect of physical activity?</td>
</tr>
<tr>
<td>e. Explain strategies for the prevention of injuries when engaging in physical activity (DOK 1-3)</td>
<td></td>
</tr>
</tbody>
</table>

Relevance and Application:
1. Individuals participate safely in lifetime physical activities.
2. Individuals create a video demonstrating proper form for lifts and exercises.
3. Individuals make good choices when confronted with a life-threatening situation.
4. Individuals identify proper safety equipment for different physical activities. For example, they visit a sporting goods store, and compare safety equipment for different physical activities.

Nature of Physical Education:
1. Participation in physical activity requires attention to safety.
2. Participation in physical activity often involves controlled risk.
