

CREATE A CARTOON USING POWERPOINT – 100 Points

Must be

- Classroom appropriate. Violence is not appropriate. Guns, etc. are not permitted
- Have a story or plot
- At least 100 slides long
- **Run with transitions set to: Automatic and 0 seconds**
- Show smooth movement
- You may use call-outs or titles with text boxes to tell story (duplicate slide often so it's on the screen long enough to read the text, or set to 1 second)

To Add Call-outs

Draw Toolbar > AutoShapes > Callouts

Use this to add speech or thoughts to your characters/elements

Call-outs Slide Timing: Keep on the screen for enough time to be read

Duplicate the slide with the callout enough times for it to be readable

or

Click on: Slide Show > Slide transition > No transition

> Advance: Deselect: On mouse click

> Select: Advance automatically after 0 seconds. If that is not long enough then duplicate slide if necessary

You may add other elements such as pictures or clip art to the cartoon if you wish
