

## Response to Intervention: Model for Interventions

### Academic Interventions:

Differentiated Instruction

(process, product, curriculum)

Research-based strategy examples:

- High opportunities for response
- Choral response
- Specific, continuous, positive reinforcement
- Specific correction paradigm
- Brisk instructional pace
- Peer and cross-age tutoring
- Pikes Peak Literacy, McRel, SIOP strategies
- Cooperative learning

Additional instruction in deficit area

Accommodations and modifications

### Behavioral Interventions (e.g. Positive Behavior Support):

Engage family systems

High Quality Classroom Management

- Consistent, clear expectations
- Smooth transitions
- Predictable classroom routines
- Specific, continuous, positive reinforcement

Research-based strategies:

- Proximity control
- Signal to student
- Preferential seating
- Behavior control

Accommodations and modifications
