Every Day Math for Families	Presented by CSSD11 Math Facilitator Julie Shaw, this two hour interactive workshop takes parents on a guided tour of the Everyday Math Curriculum highlighting topics such as alignment with content standards, scope and sequence and how parents can best support the EDM curriculum at home. Following the informational presentation, parents and their students work (and play!) together using the tools provided in EDM. Fun will be had by all!	English, Spanish with translation	One 2-Hour Session	Appropriate classroom type space for adults. Appropriate classroom space for childcare of younger, non-school age children	Building copies of EDM materials	Cost of copies	CSSD11 Math Facilitators
How To Make Homework Manageable	This one hour workshop gives parents an opportunity to talk about homework time, and specific strategies for making it less frustrating and more productive. The workshop explains why homework is important and what parents can do to make homework a habit.	English, Spanish	One 1-hour session	Room for adults, room for children		Cost of copies	CSSD11 Title I with CPIRC materials
Creating a Star Student	This workshop will help parents understand why we use standards and what they are used for. Parents will also learn about the most relevant parts of the school system that they should understand in order to support their child's education.	English, Spanish	One 1-hour session	Room for adults, room for children		Cost of copies	CSSD11 Title I with CPIRC materials
Loving to Read, Loving to Learn	This one hour workshop gives parents the basics of reading and how to support learning to read at home.	English, Spanish	One 1-hour session	Room for adults, room for children		Cost of copies	CSSD11 Title I with CPIRC materials
What is CSAP?	This presentation gives the what, when, why and how of CSAP. We encourage parents and students to attend this workshop together. Parents have the opportunity to take a sample CSAP as well as take home information about what parents need to know about CSAPs and how they can help their children at home.	English, Spanish	One 1-hour session	Room for adults, room for children		Cost of copies	CSSD11 Title I with CPIRC materials

<p>Parent-Teacher Meetings: As Easy As A-B-C</p>	<p>This presentation explains the importance of parent-teacher meetings and gives parents ideas for good questions to ask teachers. Parents can practice their questions before attending the meeting and will learn how to use the information they get to help children at home.</p>	<p>English, Spanish</p>	<p>One 1-hour session</p>	<p>Room for adults, room for children</p>		<p>Cost of copies</p>	<p>CSSD11 Title I with CIPRC materials</p>
<p>Becoming a Love and Logic Parent ®</p>	<p><i>Becoming a Love and Logic Parent</i> is a parent training program designed to help parents improve their parenting and communication skills. Parents will become equipped with practical techniques that are easy to learn, change lives, and raise responsible kids. This program can change the lives of parents and children for the better!</p>	<p>English, Spanish</p>	<p>Seven 2-hour sessions</p>	<p>Room for adults, room for children</p>	<p>TV and VCR, Overhead Projector</p>	<p>\$10 per participant</p>	<p>CSSD11 Title I with Love and Logic Materials</p>
