

Parenting with Love and Logic® Program at Helen Keller School

The Becoming a Love and Logic Parent program is based on the Love and Logic philosophy. It is a unique approach that unlocks the secrets of successful parenting. Do you want to:

- Raise kids who are self-confident, motivated and ready for the real world?
- Discover a win-win approach?
- Establish healthy control, built on love?
- Learn techniques that allow you to parent without anger, threats, nagging or exhausting power struggles?

Plan now to attend the Love and Logic Program. Donna Priester, our facilitator has been "Love and Logic®-trained" and has 30+ years of teaching experience. This is a 7-week program with each session lasting two hours. A workbook and materials will be provided.
