SAC Meeting

October and November meeting minutes were read and approved.

Some additional information:

Why don't we have a radon mitigation system?

We were tested in 1989 and were well below the stated levels

We will be tested again this year for radon.

Mercury in the gym floor?

The mercury is well below levels.

There are 6 remaining rubber floors in the district. We are 2nd on the list to get a replacement. But do not know when we will

Styrofoam trays – Can't do plastic because we don't have washing capacity. Can't do compostable because of the cost.

Student advisory/ 4th grade is looking at a recycle process for the water bottles though.

Equitable Budget Workshop:

Step 1- Identify from a premade list words that describe your core values.

Step 2 – Out of the words selected in step 1, select your top 10-15 most important words and write each word on a sticky note.

Step 3 – With the other members of the group, group sticky notes into 4 – 6 categories.

Step 4 – Label each group with a defining word.

We selected 5 words/phrases as a group-

Learning

Interpersonal Qualities

Safety

Zeal

Risk-taking

Based on those 5 words, we created value statements. Sarah is now word-smithing those statements and will share those back out at the next meeting.

How APEX funds are being used was discussed at last PTA meeting

Benches along kiss and go

More iPads

Wheelchair accessible playground equipment

Responsive classroom training

Processes and possible adjustments for next year was discussed (i.e. – Tickets for Time, deciding on goals/ purchases for next year's APEX fundraiser to be decided in spring, etc.)

The next meeting is Tuesday, February 4th
