## Community:

Located in the heart of Colorado Springs, Colorado at the Roy J. Wasson Academic Campus, Odyssey Early College and Career Options is a comprehensive four-year public high school enrolling over 200 full-time students and 300 part-time students. The school opened in the fall of 2013 and graduated its first senior class in the spring of 2014.

Odyssey Early College and Career Options is a “school of choice” *and* a satellite campus for Pikes Peak Community College (PPCC). Our students have the opportunity to earn an Associate’s degree or 60 credit hours towards their Bachelor’s degree—at no cost to our families! Our curriculum is designed as a coherent unit, with high school and college-level work blended into a single academic program.

We offer two types of Associate’s degrees. Our four-year university bound students take guaranteed to transfer/dual credit classes towards an Associate of Arts or Science degree, while our career and technical bound students earn articulated credit towards an Associate of Applied Science degree.

In addition to partnering with PPCC, our Career Pathways teachers also partner with the University of Colorado at Colorado Springs (UCCS), Metro State University of Denver (MSU), and the University of Colorado at Denver (UCD).

From our “college for high school credit” courses to our exciting Career Pathways in Automotive, Business & Marketing, Cyber Security, Education, Graphic Arts & Communications, Journalism, Hotel & Restaurant Management, and Horticulture & Landscape Technologies, students enjoy a rigorous and relevant education, with highly qualified adjunct faculty members who are excited to grow student to be their best selves.

Colorado Springs is home to the United States Air Force Academy, Colorado College (CC), the University of Colorado at Colorado Springs (UCCS), Pikes Peak Community College (PPCC) and the Olympic Training Center.
