

# Understanding Your Scores

## The GED® Passing Score

145

If you score a 145 on each test subject, that means you have passed! Scoring at the passing level is a great accomplishment and allows you to build upon your future. You can go on to college, advance your career, and earn more money.

## GED® College Ready Score Level

165-174

If you score in the 165-174 score range, that means you have the skills needed to start college-level courses and may be exempt from placement tests or remedial (non-credit) courses in college. This will save you money and help you earn your degree faster.

## GED® College Ready + Credit Score Level

175-200

If you score in the 175-200 range, that means you have demonstrated skills that are being taught in college-level courses and could be eligible to earn college credit! Depending on the program you apply to, you may be able to earn up to:

- 3 credits in Math
- 3 credits in Science
- 3 credits in Social Studies
- and 1 credit in

Humanities  
By earning college credit, you have the ability to bypass certain required classes which ultimately saves you time and money.
