

Queen Palmer Elementary

Dr. Michael Thomas, Superintendent
Christina Butcher, Interim Principal

Before and After School Tutoring Enrollment Form

In order to meet the needs of all our Third through Fifth grade students at Queen Palmer Elementary we are offering ST Math tutoring. This is a free service that Queen Palmer is offering all students whether your student is below grade level, at grade level, or above grade level in math.

Before School Tutoring will be Monday through Friday from 8:00am-8:30am and will be supervised in the morning in one of the teacher classrooms. At 8:30am your student will go to the auditorium for the Morning Meeting. After School Tutoring will be in the computer lab.

After school tutoring will be from 3:15-4:30, Monday through Thursday only. Your child will receive an afterschool snack. Space is limited, we will accept the first 26 students who turn in this enrollment form for morning and afternoon. You will receive a call stating that your child has been accepted to attend tutoring. Tutoring will begin Monday, February 4th, 2019 and run through the rest of the year. We will continue to offer Before and After School Tutoring next school year (2019-2020) as well.

By signing this form, you are making a commitment to have your child at the school by 8:00am Monday through Friday or picked up after school by 4:30 p.m.
