

Hi! I'm Chrissie Hensley. I absolutely love teaching at Rudy. We have the best students and staff. My greatest joy at school is watching my students finally understand something that they have been working hard to understand. I like to try new ideas and activities to make learning fun and interesting. I consider it a privilege to come to school each day and help children learn.

On a personal note, I have been married to my wonderful husband, Mike, for twenty-nine years. We have two boys: Caleb who is 26 and Josh who is 23, and a fun and energetic dog named Sam. He loves to take me for walks and play fetch. We are a football family and love to watch the Broncos together. When I am not watching a football game, you can usually find me out for a walk, reading, baking, traveling or hanging out with family and friends.
