

Greetings my friends,

My name is Aaron Crews and I have been teaching PE at Rudy Elementary since 2017. Throughout my time at Rudy I cannot say enough great things about this school. Every single one of our staff members are excellent teachers and individuals that want only the very best for their students and I am very grateful and blessed to be a part of the Rudy team. All my students I've had throughout the years at Rudy have been wonderful kids and I'm already looking forward to meeting many new faces each year! I am in my seventh year in education teaching Physical Education here in Colorado Springs, having also taught over at Sierra and Coronado High School prior to my time at Rudy. I am also a baseball and softball umpire, umpiring for local little leagues, high schools and even at the collegiate and semiprofessional levels. In 2015 and 2019 I was selected to umpire for the Little League World Series featured on ESPN. I have been a basketball coach since 2007, coaching basketball for elementary and high school levels. Our basketball program at Rudy is one of the best elementary programs in the city! We have already won back to back league championships with our girls team in 2019 & 2020 and have already had many successful winning seasons. Rudy Basketball has always been a winning tradition, starting almost 50 years ago, and we will continue to make it so as the years progress. I have also helped develop our Cross Country and Track Team programs for the school as well and we have had numerous individuals bring success and pride to Rudy in all events!

Aside from the school and sport venue, I also enjoy playing the drums for the Church at Briargate worship team and the Village Seven Presbyterian Church Orchestra here in town, going skiing up in the mountains, going to Broncos games and spending time with my family. I have been happily married to my beautiful wife Olivia, and we have a wonderful son named Kenny!

My career objective is to serve as a physical education instructor who provides my students with the best knowledge and activities in the field of physical education. As a teacher and coach, I will strive to help my students and athletes to be the very best that they can be in the classroom, on the court and in society as bold and confident individuals.

If you have any questions please feel free to email me anytime. My door is always open to students if they ever need help with anything during the school day. I'm excited to be working with your child and I'm looking forward to having another great school year at Rudy Elementary!

Very Respectfully ~ Coach Aaron Crews email: aaron.crews@d11.org
