

Hello, my name is Kelsy Davis and I'm excited to be your child's teacher this year. This is my 10th year teaching and I am excited to be teaching 4th grade for the first time. Before moving up to 4th grade, I taught 1st grade for 9 years in Southern Arizona. I was awarded Teacher of the Year for my school in 2016-17, it was a true honor. I graduated from Northern Arizona University with a BS in Elementary Education. I am a firm believer in having a growth mindset and being a lifelong learner which I try to instill in my students. I absolutely love working alongside my students to help them grow, learn and overcome struggles they may have. I love seeing that "aha" moment that students have when that skill they've been working on finally clicks and it all makes sense! I love encouraging my students to find the magic in learning and that they are capable of anything they set their minds to!

I was born and raised in Arizona and just moved to Colorado with my husband last June. We just got married this past December and we are enjoying being newlyweds! We absolutely love living here and enjoy all the beautiful things Colorado Springs has to offer. We have loved exploring the state of CO for the past year and will continue to do so every chance we get! We love camping and doing things outdoors together. I love to read all genres of books (**Harry Potter** is one of my favs!), watch movies/tv and spend time with friends and family.
