WHERE EXCITEMENT GROWS

YMCA BEFORE & AFTER SCHOOL PROMGRAM
Registration opens July 11!
We are so excited to be a part of your school in the fall and to share our new and improved program model!

The YMCA of the Pikes Peak Region is focused on providing the best experience for all children. In the fall, we will fully integrate the YMCA of the USA's After School Upgrade, which will enhance the current program by increasing positive youth development outcomes through achievement, relationships and belonging. The program upgrade will aim to improve confidence and leadership skills and, overall, celebrate the uniqueness of each child. The nine fidelity components will include daily activities consisting of a healthy snack, physical activity, homework help, math or literacy skills. During each month, additional areas of focus will include STEM projects, global learning and inclusion, leadership development and wellness and nutrition. Please note that each school is unique, and we will tailor our program to the needs of the children at that specific site, taking their interests into account along with their goals.

We provide a safe, encouraging environment that promotes positive self-esteem and image, life skills, teamwork, leadership, creativity and education support.
