

Dear Coronado Community,

Coronado High School and all of Colorado Springs School District 11 will be closed from March 16 through March 30, and potentially longer. In order to continue with the curriculum and student learning, teachers will be utilizing the district [Distance Learning Website](#), as well as communication methods such as district email, Remind app, Schoology, [teacher websites](#) and other systems already established within their classes to communicate with students. Throughout classes today, we have been instructing students on how teachers will communicate assignments throughout the closure, and where to access information specifically for their classes. Students are required to check these sources frequently throughout next week for updated assignments, due dates, and turn-in procedures. There will be NO e-learning assignments through the week of Spring Break (March 23-March 27).

Students without access to an electronic device at home were able to check out a laptop from the library. These students were informed they are responsible for the device until they check it back in with the library, and they are liable for lost or damaged devices.

Students without access to the internet are encouraged to contact their teachers so the pickup of hard copies can be arranged. Another option, Comcast is offering 60 days free internet in response to the school closures. Click [here](#) for more details.

Additionally, the District will provide one bagged meal per day for children ages 0-18 years of age from 11 am to 12:30 pm at Coronado High School and West Elementary School (other locations around the district are on the district website).

For any social-emotional concerns throughout next week, please feel free to email your student's counselor or the school Social Worker, Mr. Bone, as they too will be checking their emails. If a concern arises that needs immediate attention, please contact Safe-2-Tell or the Aspen Pointe crisis line at 1-844-493-TALK (8255).
