Expectations for Students:

- Expectations for students will be the same when they join their class online as it is when they are in person at school. Students are expected to attend school every day live online. Students need to be dressed, have books and supplies needed, and be on time.
- Login 5 minutes before your online class is scheduled to start, mute your microphone until you are told to unmute, and use your classroom manners while online
- When students are required to pick a profile picture or username, they need to be school appropriate and respectful.
