

Mystery Science – EARTH DAY

Learning Target:

I will understand the history of the earth and the importance of recycling. I can also make something usable out of a recycled item.

Materials:

- Plastic bottle (ex. 2 liter soda bottle, milk jug, etc.)
- Paper
- Pencil
- A variety of craft supplies (ex. shoe box, glue, markers, fabric, etc.)

Activity:

Please watch this video first. Make sure you view the 'Open Bonus' section.

What Is Due:

Email me the answers to the following questions:

1. What did you learn about Earth?
2. What can you create with a plastic bottle? Email me a picture if you make something out of a bottle. duane.helfer@d11.org
