I'm Done

From the first drop down choose a **SITE**. These are the schools or choose “Colorado Springs School District 11” to subscribe to District level content.

Once a site is selected, the second drop down will populate with all the **CHANNELS** under that site. If you are subscribing to a specific **TEACHER SITE**, choose the “Teacher Sites” channel.

All the available **SECTIONS** under that Channel will be listed.

Put a check mark next all sections you would like to subscribe to.

6) Repeat this process for all Sites/Channels/Sections you would like to subscribe to.

7) Click I'M DONE.

You may also find a **SUBSCRIBE** button on some webpages. This will allow you to easily subscribe to that Section.

Site Administrators will push content out to subscribers via E-Alerts as they are updating their site.
