### District 11's Annual Technology Fee

A technology fee is required for the electronic device your student is taking home and is used towards:

- **Stolen Devices** – a device that is stolen despite reasonable precautions taken by the student to safeguard the device can be replaced with a \$100 deductible paid by the student. A police report is required when a theft claim for the device is filed.
- **Accidental Damage** – damage that occurs despite reasonable precautions taken by the student to safeguard the device. A \$100 deductible can be paid by the student to replace the device.

The technology fee is not used towards:

- **Lost or stolen device parts** – such as power cords, keyboard keys, and various accessories. Power cords can be replaced at the student's expense through the District purchasing program.
- **Misuse and abuse of device** – as stated in the Student Electronic Device Letter of Agreement as well as an unexplained disappearance of the device. In these cases, students are responsible for up to the full replacement cost of the device.

To satisfy the technology fee requirement, I choose the following option: (check box)

- Option 1:** Pay \$50 now with cash, credit or check made out to your school, or online school payment systems.
- Option 2:** If your student is on Free or Reduced Lunch, you may have the fee reduced and pay with cash, credit, or check made out to your school or online school payment systems.
