- That diversity enriches the human experience and strengthens community.
- That every student can succeed with the necessary supports and determination.

Mission

We dare to empower the whole student to profoundly impact the world.

Mission Impacts

All students will:

- Actively pursue learning that continually challenges them to grow and achieve their personal best.
- Develop personal, social, and cultural competencies and apply them intentionally in their lives.
- Attend school, monitor their behavior, and complete courses.

Vision

We will facilitate our students' personalized learning through deliberate collaboration, effective relationships, engaging instruction, post-secondary/workforce readiness preparation, and cultural support.

Strategies

We will implement our vision and mission through a series of activities aligned to the expectations of the state and district accountability measures through:

- Deliberate Collaboration: Professional Learning Communities (PLCs),
- Effective Relationships: Restorative Practices (RP),
- Engaging Instruction: Multi-tiered System of Supports (MTSS),
- Post-Secondary/Workforce Readiness: Individual and Career Planning (ICAP), and
- Cultural Support: Positive Behavior Interventions & Supports (PBIS).

Strategic Delimiters

We will not:

- Allow past practices to create barriers to new and innovative ideas.
- Avoid conflict or difficult conversations, nor engage in problem solving through the lens of blame.
- Engage in initiatives that are misaligned with our mission.
