

It's

# at North Middle School!

Website: [springssummercamps.weebly.com](http://springssummercamps.weebly.com)

**About Summer Camps:** Our summer camp curriculum incorporates STEAM learning (*science, technology, engineering, arts and mathematics*) into exciting and fun experiences for your child every day! The founding principle of our curriculum is that children experience the most genuine learning when they are having fun, and we have integrated this philosophy into every aspect of our summer camp through play-based learning opportunities, both inside and outside the classroom.

**Outdoor Action Adventure Camp!** Our group will spend the week testing students' knowledge while learning new skills all based in the outdoors. Certified outdoor experts will lead campers in archery, rock climbing, geocaching, shelter building, and outdoor survival! All activities will incorporate the components of STEAM (Science Technology Engineering Art and Math).

### **Drones & Aerial Robotics Camp!** Ready! Set! Fly!

This camp will be led by a licensed, UAS Part 107 C Pilot! Throughout the week campers will learn the FAA regulations for drones, the physics behind how they work, find out how they can seek their own pilots license and will get **TONS** of hands-on experience as they learn to control a variety of drones in the air!

**Kids on Bikes Camp!\*** **EARN YOUR OWN BIKE!!** Through our partnership with *Kid's on Bike's*, campers learn the value of goal setting, character development, bike safety and skills as well as healthy living instead of getting just another hand out. Kids in the program earn points for accomplishing milestones throughout the week and in the end they earn a new-to-them bike, bike helmet, bike tire pump and tube patch kit that are theirs to keep. Campers will spend most of the day riding the urban trails around Colorado Springs. Campers *do not need to have a bike to participate.*

**\*ONLY AVAILABLE FOR SESSION 1!**

**REGISTRATION:** On line at: [springssummercamps.weebly.com](http://springssummercamps.weebly.com) or drop the flyer and payment off at the North office. Make checks out to **Springs Summer Camps**. For more information, contact Grant Ambrose at 952-457-8422 or 328-2437.
