

All students learn to be

Empowered Learners

By articulating and setting personal learning goals, developing strategies leveraging technology to achieve them and reflecting on the learning process itself to improve learning outcomes.

By building networks and customizing their learning environments in ways that support the learning process.

4th graders learn to be

Digital Citizens

By managing their personal data to maintain digital privacy and security and are aware of data-collection technology used to track their navigation online.

Creative Communicators

By choosing the appropriate platforms and tools for meeting the desired objectives of their creation or communication

By communicating complex ideas clearly and effectively by creating or using a variety of digital objects such as visualizations, models or simulations.
