Why choose Taylor Elementary?

Taylor is an Arts Integrated school dedicated to providing students opportunities to learn through a creative process in collaboration with Colorado College and the Fine Arts Center. Our teachers utilize problem-based learning approaches, and rigorous college and career readiness standards. Our students demonstrate a high depth of knowledge, practice social and relational skills based on Capturing Kids' Hearts. Students are provided opportunities to solve problems through the application of creativity, critical thinking, collaboration, and communication skills. We believe in strong parent/school partnership and meeting the needs of every student. Taylor is committed to preparing students to become productive 21st century citizens through quality instruction and high expectations for student ownership of learning.

- ❖ Standardized Test Scores

We believe in Capturing Kids' Hearts!

We believe in building positive relationships with our students and growing the whole child. Our staff and students have Social Contracts that guide how we interact with one another. All staff work hard to help students learn to problem-solve, show kindness and become responsible citizens. We ensure each student is welcomed, cared for and celebrated!
