

Does your voice matter? This is definitely the year to have something to say. **Join Doherty's Forensics Team. Our next meeting for Forensics is Wednesday September 16th at 2:15.** This will be a recruitment meeting for anyone interested in competing against other schools in acting performance, public speaking, and debate. All of our practices and meets will be virtual this year, and there are awards and opportunities to compete at both the state and national level. Students will learn more about current issues, performance, and formulating arguments. Anyone with questions should email Jenny.George@d11.org. The link below is to join our meeting on Sept 16th. Door prizes will be awarded! Anyone who attended the first meeting last week will be entered to win a My Voice Matters face mask.
