Due to our district's transition from Q to Power School, accurate schedules will not be finalized until the first day of school (AUG 16). Please be patient with this process and aware that your student's current schedule in Power School may not be accurate. Your student will have their schedule before their first period on August 17th and the opportunity to petition for changes through counseling during the first week of school.

First Day of School:

Monday, August 16: Grade 9 only.

Tuesday, August 17: All Students.

Back-to-School Night (Open House):

Tuesday, August 31, 2021

School Supply List

No supplies need to be purchased by families at this moment. Teachers will notify students of any necessary supplies once school has begun. It is important that students have secured their student technology devices prior to the first days of school.
