Hello Marauders,

I hope you are all doing well! As you all should know by now, we are 100% remote and we will be remote for the rest of the semester. Many of you are on our D and F list! This means you are Failing a course or more. Many of you are in danger of Failing some classes and others are in danger of failing the whole semester. Therefore, you need to contact your counselors and teachers. This is your responsibility. **If you are not logging in to your Webex classes, then you are falling behind and you might need to take the course all over again.** We have provided all students with laptops, we have Schoology, Webex, etc.! We have provided many tools to allow you to engage in class and teachers.

We understand that many have different challenges! We talk to many students and families often! However, it is your responsibility to engage in class and if you are having some issue, then you must take the initiative to contact someone in the school to seek help! If it is about a grade, contact that teacher. You may also contact your counselor, and your CCRC teacher.

We are rotating office staff in the building so we can answer the phones! DO NOT call the front office to find out about your grades! **Email your teachers and include your counselors on the same email.** We have staff to address any technical issues. Go to our Website, the information is there!

Our goal is to help you and support you as much as possible! If you DO NOT engage, then you will need to make up all these classes later in summer school and/or night school! **Meaning, you may not graduate on time! The low engagement we are experiencing is worrisome, and we must increase it.**

We know these are difficult times, and there are many unknowns, and we know that can be scary! So, I will share this quote by Morgan Nichols! –

"Bravery is the audacity to be unhindered by failures, and to walk with freedom, strength, and hope, in the face of the unknown."

We are here to support you!

Respectfully,
