From time to time, the District has and will adopt policies, regulations, rules, guidelines and other guidance regarding a student's use of electronic devices. The student and parent/guardian, by signing this Agreement, affirm that the student and parent/guardian have had an opportunity to study the District's current technology use materials (**the JS series of policies, regulations and exhibits as well as the Student Code of Conduct**) and have had an opportunity to ask any questions related to such materials. The District believes in staff use of technology to deliver instruction, enhance productivity and model appropriate use for other staff and students. The student and parent/guardian acknowledge that the student will receive training regarding use of appropriate educational usage of devices and Internet. Electronic devices will often include a camera that will permit the student and teacher to see video of each other in order to allow the student to better communicate with the student's teacher through video conferencing. The student and parent/guardian also acknowledge that, because the District does not currently have the technological ability to limit use of such equipment for educational purposes, there are certain risks of misuse of the equipment, and this agreement imposes additional responsibilities on the student and parent/guardian to protect against such misuse.

Student Commitments:

By signing below, the student agrees to comply with all requirements of the District's technology use materials (**the JS series**), including without limitation requirements that:

- (c) The student will not allow others to use this device and will take precautions to assure that others do not use this device.
- (d) The student will not access any Internet materials using this device, other than materials necessary for educational purposes that comply with the District's technology use materials.
- (e) The student must promptly report any misuse of this device to the District.

The student hereby releases the District from any liability or other responsibility with regard to his or her use or misuse of this device. The District may scan usage, frequency, content at any time and may also require student to bring device to a location directed by the District for inspection regarding compliance with this Agreement.

Parent/Guardian Commitments:

The undersigned Person is a parent or guardian of the student referenced herein. By signing this Agreement, the parent/guardian hereby expressly acknowledges that, although the District makes efforts to block inappropriate use of District technology equipment, there is no certainty that such efforts will always be effective. 1. I, the undersigned parent/guardian, will explain to the student the requirements of the District technology use materials to the best of my ability, and will help the student to understand the responsibilities associated with possession and use of this device.
