

Dear Coronado Students, Staff and Families,

Flexibility! A new year filled with new possibilities. Our staff have your students' education and safety as their main priority, and we look forward to a productive year.

Choice permits into Coronado are at an all-time high and we are looking forward to the students, the energy, and the excitement that this year will bring. With all the challenges last year, we are proud of the accomplishments of our students who rose to the occasion, and those who took advantage of Summer Bridge to regain lost credits in order to graduate on time.

I'm looking forward to the student success stories and achievements that are yet to come. We highly recommend that all students become engaged in an extracurricular activity in high school. It's a great opportunity to build new relationships with students and staff and feel connected. Athletics, clubs and events are already underway or set to begin next week.

We will keep you updated on [RETURN TO LEARN](#) information and updates as the district makes those available. Please know that Employee and Visitor Health Screening will be reinstated as you enter each D11 building for our students' safety as well as our staff and visitors.

Because of our mentor program's history of success, the **first day of school, Monday, August 16, 2021, will be for FRESHMEN ONLY!** Our team of Link Leaders has been busy developing the schedule for this eventful freshmen orientation day. **All students will return on Tuesday, August 17, 2021.**

Welcome to the 2021-2022 school year. We know great things are on the horizon.

Darin Smith, Principal
Coronado High School
