

PREPARE:

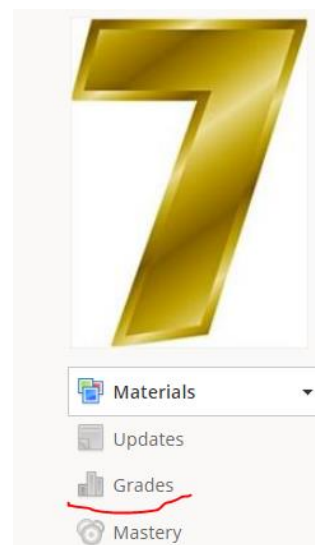

1. Outlook Email: Prepare for classes by checking Outlook email, which is on his desktop and available through office.com. Teachers communicate and sometime send critical links for remote class that way. Also, use this email to reach out to teachers if there are tech issues keeping your from getting into class.

2. Schoology: Check Schoology for classwork and homework.

Also, when I go into one of his classes, like period 7 Spanish, you can click on the "Grades" link and see what has been turned in or not there, which is helpful to all.

The screenshot shows the Schoology interface. At the top, there is a navigation bar with "schoology" and tabs for "COURSES", "GROUPS", "RESOURCES", and "GRADES". A user profile for "Dominic Better" is visible on the right. Below the navigation bar, there are two main sections: "RECENT ACTIVITY" and "COURSE DASHBOARD". The "COURSE DASHBOARD" displays several course cards, including "Mr. Ahnfeldt's 8th Period College and Career Readiness", "MOORE ALGEBRA 2", and "Pre-AP Biology 2: Pre-AP Biology 2 Q34 - P6". A calendar view is open on the right, showing assignments for Thursday, January 7, 2021, Friday, January 8, 2021, Monday, January 11, 2021, Tuesday, January 12, 2021, and Thursday, January 14, 2021. A red circle highlights the "Overdue" status in the calendar. A red line is drawn under the "Grades" link in the sidebar on the right.

ATTENDING CLASS:

Start the day and each class by going to the class period on Schoology and look for the meeting link (Webex or Teams). Click on the link a few minutes before class, just in case. Students can wait until the class starting time to actually "join".

For example, Biology p.6 has a clear link at the top. When he clicks on it, it will take him to the Teams meeting. He can also get to Teams through office.com. If you see the Teams link, the teacher may be communicating more in the Teams app.

Most teachers use Webex. I included a screenshot example of his p4. IF you have any weird Webex issues, open a new tab in chrome and log in to webex there first before clicking on the webex link in Schoology (cssd11.webex.com).
