

TABLET MODE

*Screen looks weird?
Can't get to your desktop shortcuts?
Your laptop might be in tablet mode.*

You know you are in tablet mode if your desktop seems different and there are tiles of apps on the screen.

TABLET MODE

To switch out of tablet mode, you can either open and close your laptop and turn it until it asks you to switch or do the following:

1. Click on the dialogue box icon in the bottom right of your screen.

2. Click on the box that says "Tablet Mode" and it makes it go into the mode or out of it. Notice when it is lit up or colored, you are in table mode.
