

## **HOMEWORK**

The Colorado Springs School District 11 Board of Education (the Board) recognizes the importance of encouraging homework as part of the learning activities initiated in the classroom. Homework outside the classroom provides opportunities for extended learning for all students. The Board recognizes that homework and its implementation is a shared responsibility of the Board, administration, school staff, parents/guardians, and students. Appropriate homework policies, practices and expectations shall be established by individual schools and clearly communicated to parents/guardians and students.
