

STUDENT SOCIAL SERVICES (Contraceptive Information)

(Regulation) [Policy](#)

In fulfillment of the school's responsibility to students' requests for birth control procedures, supplies or information, school personnel will abide by the following guidelines:

1. Students requesting or receiving confidential care should be encouraged to involve their parents.
2. Students requesting such assistance will be informed of the pertinent community agencies.
3. Under normal circumstances, school personnel will encourage students to contact an appropriate community agency personally for assistance.
4. Duly authorized personnel will use professional judgment concerning the safety and welfare of the involved student for:
 - a. School personnel's direct contact of the community agency
 - b. Provision for transportation of the student to a community agency
5. Student appointments should not be scheduled during class time.

Approved August 1981

Colorado Springs School District Eleven, Colorado Springs Colorado
May, 1995
