

This Week's Art Menu April 7-10, 2020

- **Drawing Prompt: For Grades k-2** - Draw a Colorado Animal living in their natural Environment. Remember to use shapes to draw the animal. Research what the animal actually looks like and draw what you see. Materials: Pencil, colored pencils or crayon or whatever you have to add color. Here is a link to see some of our native wildlife.

Scroll through the gallery to see a couple examples.

- **Art Games:** Pictionary! You don't need a game board. Check out this video on My Teacher Site to see an Idea of how to play, many of you have played this in class before. Play with your entire family!

As you explore the artworks, pick one or two art pieces, write down the name of the artist and the materials they used, then answer these two questions: **Grades K-2** - What Artworks are telling a story, and what story do you see? **Grades 3-5** - How did the artist's choices of material contribute to the success of their Artwork?
